2014

ANNUAL REPORT

TOWN OF ROME

FIRE DEPARTMENT

1156 Alpine Drive, Nekoosa, Wisconsin 54457
Office Phone: 715-325-8030

John H. Frantz

Fire Chief

The Fire Department has prepared the following report so that you may review its activities for the calendar year ending December 31, 2014.

We would like to start by thanking everyone for the cooperation and support that we have received throughout the past year, without which we could not continue to provide the quality of service that you expect of us. The mission of the Rome Fire Department is to provide the highest quality proactive and reactive fire and EMS service of a modern nature. This service shall include but not be limited to public education, inspections, fire prevention, EMS, assistance to law enforcement, training and fire suppression. These services will be provided via the most cost effective method.

We have taken on the enormous responsibility of providing emergency medical, fire protection, specialized rescue, hazardous material and many types of activities for our fellow residents. This would not be possible without the assistance and understanding of the Town Board, local business, associations and clubs who make our jobs easier and our projects less difficult to accomplish.

We will continue to strive to provide the highest quality of service to the residents of not only our township but also to our neighboring communities through continued training and education of our members.

The Fire Department stands ready with 36 members dedicated to serve our neighbors and friends for now and into the future. We are always looking for additional people to join us.

This next year we will continue to face the challenges that are presented to us. We have set several goals that we believe will have a positive effect on the operations of the fire department and the services we provide.

Yours in fire safety and respectfully submitted,

John H. Frantz
Fire Chief

And the members of the Rome Fire Department.

Fire and Rescue Apparatus In-service

UNIT #	YEAR	MAKE	TYPE	IN-SERVICE DATE
601	1991	Spartan	Pumper, 1250 GPM	10/23/1992
